Software Developer & Tester

gcinakahle.myeza@gmail.com

## SUMMARY

I am an enthusiastic and dedicated aspiring software developer with a strong foundation in programming and software development principles. During my recent internship, I gained hands-on experience in automated testing, where I contributed to improving software quality and reliability. My technical skills include proficiency in various programming languages such as Python and Java, as well as experience with the Quality First testing framework. I am passionate about leveraging my skills to develop innovative software solutions and am eager to further my career in a dynamic and collaborative environment. My commitment to continuous learning and my ability to adapt to new technologies make me a valuable asset to any development team.

## EDUCATION

### WeThinkCode\_

NQF 5 Systems Development  
2021 – 2022

## SKILLS

- Python
- Java
- SQL
- Quality First (Testing Framework)

## PROFESSIONAL EXPERIENCE

### Code Reviewer

HyperionDev | Oct 2023 – Mar 2025

- Review and provide detailed feedback on code submissions from students enrolled in various programming and software development courses.
- Assess code for correctness efficiency, readability, and adherence to course-specific coding standards and best practices.
- Mentor students through written feedback and one-on-one sessions, helping them understand complex concepts and improve their coding skills.

### Software Tester Intern

GK Software | Jul 2023 – Oct 2023

- Developed and maintained automated test scripts using the Quality First framework.
- Created and executed test plans and test cases for point of sale systems.
- Collaborated with developers and QA engineers to identify and resolve defects, improving overall software quality and reliability.
- Utilized JIRA for tracking bugs and documenting the outcomes, enhancing transparency and communication within the team.
- Participated in daily stand-ups and sprint planning meetings as part of an Agile development team, contributing to iterative development and continuous improvement.
